Fees & Regulations

Fee Structure

While I wish I could provide a comprehensive rundown of all the annual costs for budgeting purposes, please note that unforeseen expenses may arise, including SABOD examinations, registration fees, exam attire, medal days, competitions, costumes, and more. There will also be a cost associated with the exam uniform required for the relevant assessment.

- Payment Due Dates: Fees are due by the 7th of each month or at the first class of each month.
- Discounts:
 - A 20% discount** is available for siblings.

All fees are billed quarterly; you can either pay the entire amount per quarter or opt for monthly installments. If payments are made after the due date, you will lose any applicable discounts, and invoices may incur an interest or penalty fee of R50 on the outstanding balance.

For those who choose to make a one-time payment at the beginning of the year, a further 10% discount will apply, along with 5% off the second dance style, applicable to siblings as well. Please note that if a student discontinues during the year, fees will not be reimbursed.

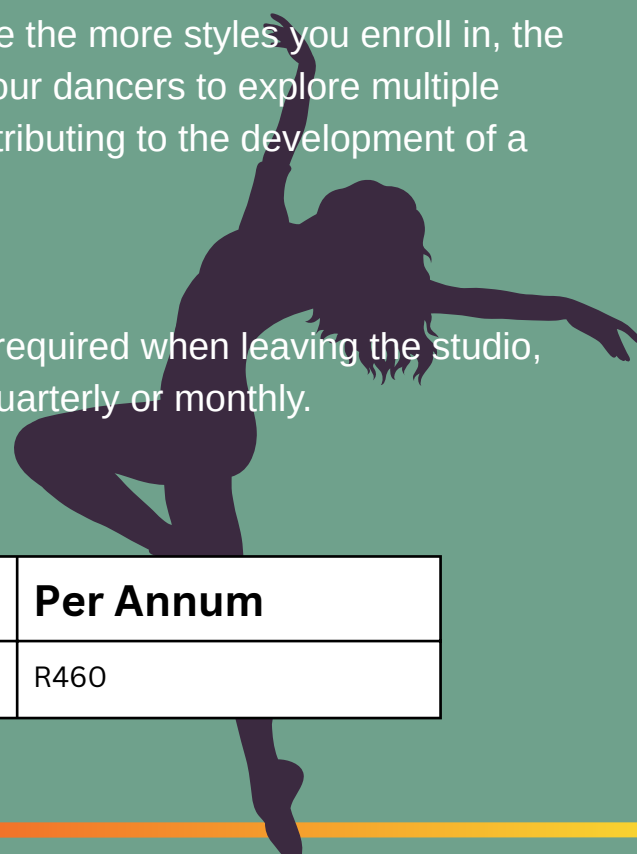

We are also restructuring our fee approach, where the more styles you enroll in, the greater the discount you receive. We encourage our dancers to explore multiple styles, as each one complements the others, contributing to the development of a well-rounded dancer.

Important Reminder:

A written (or emailed) notice of a payable term is required when leaving the studio, regardless of whether payment has been made quarterly or monthly.
